RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I would like to strongly object the amended plans which will harm the wildlife corridor in Bayview.

It will affect animal life and is only good for selfish businessmen and politicians who profit from it.

The people would rather look after the wildlife and natural habitat.

If you have any problem with my objection please contact me.

yours truly,

~MK~
