RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

To whom it may concern:

I am writing to express concern for the DA2017/1274.

I have grown up in the area and grew up with wallabies, owls, possums and many other local wildlife in my backyard. Where this development is proposed still to this day has wallabies on and near the golf course at dusk. Very little has changed in the area in my lifetime (30yo) and I understand that there is a need for more accommodation on the beaches - however this planned development is in the middle of a wildlife corridor surrounded by single dwellings and acreages- it would be completely out of place. The developer and golf course are out of touch with their neighbours and the wider local community if they think this is an appropriate development.
