**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW
2099**

This proposed mobile tower is alongside where 100s of children play every week. I understand it is recommended to be located at least 500m from the school according to the Dept of Education, whilst this tower will only be 300m. With this in mind, I strongly object to the construction of this tower - our children represent our future and we need to safe-guard and preserve their health and well-being.
