**RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW
2099**

I oppose the construction of a telephone tower at the proposed location due to its proximity to North Curl Curl school and the playgrounds opposite. Placing a tower this close to a high density of children is unacceptable and potentially detrimental to their health. It will also impact the local native wildlife around the lagoon and cause environmental damage during construction.
