**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I strongly object to any development proposal that infringes upon wildlife corridors. We have far too few such refuges for our native wildlife and abandoning them for commercial development is shortsighted, greedy and shows complete lack of consideration for future generations.

I believe we are a more thoughtful and compassionate community with the foresight, ingenuity and capacity to meet environmental and development needs concurrently. Please SAVE the wildlife corridor at ALL COSTS. Find an alternate location for the development.
