I oppose this application. It is due to place a tower in the middle of a children's sports field and is very close to a primary school. I believe this is detrimental to the area and poses a risk to those in the immediate area as well as school children who use the area every day.

It will also be an eyesore in what's a recreational area. Please do not allow this tower to be built.

I am an optus customer and have no issues with reception in the area so do not see the need for it.
