**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I object to DA1274/2017 to develop seven apartment buildings in the middle of a designated high priority wildlife corridor that is home to many vulnerable species of plants and animals.

We need to preserve what is left of our precious biodiversity wherever it occurs but especially in urban areas for the sake of the people who live there and for future generations
