RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Once pristine or valuable unbuilt land is gone, it is forever. The massive destruction to native wildlife is immeasurable and irreversible. Why will you let this happen? Greed on behalf of developers? We need diversity in all our suburbs - with this proposed development you WILL GUARANTEE the destruction of a massive wildlife corridor FOREVER.

Accordingly I strongly object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife & coastal corridor, home to many vulnerable species.

This is highly valuable Biodiversity land area and MUST NOT be destroyed by this 85 Unit development - there is always an alternative which will not have a terminal impact that this will
