RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I strongly support this proposal.

I am retired, and want to move closer to my daughter. I have looked at all options locally and the Waterbrook offering ticks all the boxes. I am an avid gardener - I have been for 60 years. I have looked through the environmental impact statements, the revised landscaping schemes should satisfy all involved. It is a beautiful landscaping design.

Why is this taking so long? Council's process is frustrating. This is a wonderful development which is sympathetic to the environment.
