**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

As a recent resident of the Northern Beaches, I object to DA 1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor which is home to many vulnerable species. This is biodiversity land and should not be destroyed by this development. The Regional Panel for SEPP has already determined that this development would have substantial impacts for the environment and there has been substantial community objection. Keep what we have left of ecological balance in the Northern Beaches, as the Beaches are home to both people and vulnerable wildlife .
