RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

The wildlife corridor at Bayview is a high priority and it needs to be preserved. I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife & coastal corridor, home to many vulnerable species. This is Biodiversity land and should not be destroyed by this 85 Unit development. I do not begin to understand how councils can get themselves in situations where reserved land finished up in the hands of private developers when we have a community responsibility to protect these resources from exactly this form of a exploitation. The permit must be blocked. The buyer knew it was there, they cannot appeal against it.
