RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

"We object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this development."

Come on! I know I am interstate and I am not sure if you will even consider my view, but surely the developer can find somewhere to build that doesn't majorly impact urban wildlife like this. Many endangered species for example the Powerful Owl have come to depend on Urban green spaces for survival.
