RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Sir,

I write to you as a concerned citizen, concerning the Application, to build seven (7) Apartment buildings, on High Priority Wildlife Corridor land, in Bayview, DA1274/2017.

This area of land, is home to many vulnerable species of Native Fauna, eight (8) being classified as "THREATENED". Already, there is insufficient Habitat for these harmless, defenceless creatures and to even contemplate depriving them of this territory, is not only ill-advised but also callous and disastrous. Once these creatures are gone, they are GONE and you will have the knowledge, that you played a significant part, in their demise. These animals cannot defend themselves and it is up to us, to defend them. The Community at large wants them protected and you have the power, to make that happen. Sometimes, money and Commercial interests, have to make way for things, that not only need but are worthy of our protection.

Please ensure that these animals have a safe haven and retain their natural Habitat. The community will thank you and you will have the satisfaction of knowing, that you made the right decision.

Thanking you,

Yours Faithfully,

Neville P. Wilkinson
