**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I have lived in this area on and off since 1997, including at Church Pt/Bayview. Over these years I have observed the continual diminishment of wildlife habitat at the hands of landscapers and developers, to the point that the very attractions of this area are being destroyed by its popularity, combined with insensitive development. This proposal adds to that creeping process. At what point do we say STOP?
