RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I would like to support the Waterbrook development on cabbage tree road. I have lived on the northern beaches for many years and have recently been seeking a retirement option. I have been to many developments, none of which are inspiring or offer an acceptable standard of accommodation and amenity for later in life. The Waterbrook developments are first class, i have visited their Greenwich facility on many occasions, visiting friends. I wish to stay in my community in retirement, yet we have no option on the beaches that would offer any quality of life. I believe Waterbrook have made many amendments to their application which would make it an acceptable development for the area. They also assist local community, financially and with services for seniors.

I ask you to approve the proposed development, for the sake of our senior population and the local community.

James O'Callaghan.
