RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Do not condemn the wildlife of your area to extinction they need some spaces saved for them

STOP THE 5 ACRE APARTMENT DEVELOPMENT IN THE BAYVIEW WILDLIFE CORRIDOR.

We object to the amended plans for DA2017/1274:

This proposal will still destroy 5 acres of the wildlife corridor and remove more than 140+ remnant trees and threaten 8 endangered species including our Powerful Owls.

This development will cause irreversible damage to the Bayview wildlife corridor and we request it be stopped. This land should be permanently protected from development. This development will be a 5 acre blockage of the wildlife corridor. Council this is biodiversity land, and a high priority wildlife corridor. Is this large Seniors development which is out of character with the surrounding area, legally permitted on this land?

Click on this link and make a quick objection.
