Subject: Application No DA2020/1756

Categories: DA2020/1756

To whom it may concern and everyone involved namely the deciding panel member and Rob Stokes our supposed member for Pittwater,

What a catastrophe, wreaking of complete bureaucracy, bad decisions and utter disregard for our whole community and the future generations to come. Pathetic.

WHY WILL YOU NOT LISTEN TO THE PEOPLE WHO LIVE AND WORK HERE?

Roberston Road needs to be a laneway of commercial restaurants and local businesses not a entryway to an underground carpark or worse yet, multiple underground carparks.

The proposed building is revolting, unsympathetic to all its surroundings but that aside the most critical component is the carpark access.

This is Dangerous given the current levels of foot traffic namely young children often seen on their scooters walking with mum and bub in pram as one example.

Forever this space will be unusable as a community gathering space and will destroy the only businesses that are managing to stay afloat.

Please do not let this development proceed in the current design. I can't understand how it's even gotten this far given the level of objections and rightly so.

We are all desperate to see the area redeveloped but please consider its purpose and what the entire community is asking for.

Please hear the people of Newport. Please work with the people of Newport to deliver a community space designed for generations to come to continue to enjoy, where small business can thrive and we can all be seen as leaders in planning, progression and sustainable practices.

Kindest,

Alanna Smit
