RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

"We object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this development." The local people, with a huge number have expressed their wishes to ensure their environment remains intact not only for future generations but biodiversity corridors are vital. The pace of development is significant as we all now, losing our forests from clearing and the unique wildlife we have. Once we lose our ecosystem they are lost forever but buildings can be rebuilt BUT not at the cost of our environment! Stop big developers from profiting at the expense of devastating our environment!
