Date: Thursday, 9 December 2021 3:23:31 PM

I am writing to Rob Stokes in particular regards the DA approval for the development of the old grocer and Robertson Rd .

Since when does an unpopular and detrimental development slide so easily past the community into the hands of council without the communities voice being heard and honoured .

I am very disappointed in your office , the council and the whole process and if this development goes ahead you can rest assured your vote is lost within my Newport community .

Why don't you set yourselves apart and stand for what the people want not developers . It's a disgrace at the cost of our beautiful village and shame in your if you allow this to go ahead .

The dirt will be on your hands for diminishing our village for future generations

What you do to empower your communities once they be notices

Regards
Kelly Jervis
