**RE: DA2020/1042 - 349 Barrenjoey Road NEWPORT NSW 2106**

I thought that Robertson Rd was being more heavily pedestrianised... this development would, on the face of it, increase traffic within Robertson Rd and the surrounds owing to the additional residential properties. The plans (and I may be wrong) also appear to be impacting on the available carparking space at the carpark, therefore, increasing the amount of parked cars on the streets (already a problem) and likely causing an accident at the mini roundabout which often is dangerous to cross near. There is also a number of currently vacant shop premises within the high Street. This would appear to be nothing more than a ruse to get more unit developments in place.
