RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

To Whom it May Concern,

I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species.

This is Biodiversity land and should not be destroyed by this development.

Despite the Refusal of this DA by the Regional Panel for SEPP Seniors Housing in the Bayview Wildlife Corridor - on many significant grounds including Substantial and Adverse impacts on the environment - and despite overwhelming community objections and 59,000 signatures, an appeal has been lodged and NEW plans submitted by the developer in the Land and Environment Court.

This housing development MUST NOT GO AHEAD!!

PLEASE use your power to block this new application for yet more housing. We are already drowning in people, housing and pollution...caused by human greed and lack of care for our environment and wildlife. Our iconic and precious wonderful wild places and wildlife are being threatened every day by extinction through habitat loss, food loss and pollution of various sorts...they are the voiceless...there is no way back ...and I WILL SPEAK for THEM!
