RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Sir/Madame,

I am objecting in the strongest terms to D/A1274/2017 because it will destroy a dedicated wildlife corridor.

We cannot afford to keep killing wildlife for greed and profit, once endangered and native animals are extinct, we cannot get them back.

Why is it so compelling to deliver more money to a few companies, and less wildlife to the rest of the population?
