RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Sir/Madam

I am writing to express my opposition to the development in a high priority wildlife corridor in Bayview. Australia has one of the highest extinction rates in the world and councils should be doing what they can to help wildlife in the face of the human juggernaut, not pandering to greedy and unethical developers whose first priority is to make money with no thought to the consequences of their actions on wildlife. Please do not allow this unethical development to proceed.
