RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

To Whom It May Concern,

I wish to submit a sincere plea on behalf of our precious, & ever-threatened wildlife who have no voice & rely upon us to state their case when their natural habitat is in great danger of over-development, or development occurring in the wrong place, thus posing yet further stress on their already diminishing species. It's all very well to say that people need accommodation & that's a given, but people can be housed in many areas where this won't greatly affect the wildlife, whereas in this case, many fauna will be unable to cope & cannot relocate, plus their food sources will also disappear also. There has to be a 'win-win' situation here

so please reconsider amending your plans to at least provide for some form of wildlife protected area/corridor so that you will not be the cause of further loss & will be blamed into the future for making the wrong choice when it could have had a positive outcome for all.

Thank you.

Dawn Weatherup.
