RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

"We object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. The oldest trick in the book is to lodge amended plans after failure, trusting the amended plan will succeed, but I urge you as the responsible authority to remember that this is Biodiversity land and should not be destroyed by this 85 Unit development."

This comes after the Refusal of the DA by the Regional Panel for SEPP Seniors Housing in the Bayview Wildlife Corridor on many significant grounds including Substantial and Adverse impacts on the environment and overwhelming community objections, including over 60,300 signatures.

I trust that justice and sanity will prevail with the outright objection of what would be a disaster if this development is allowed in the Bayview Wildlife Corridor.

Yours Most Sincerely,

Most Rev. Gordon McKenzie
