To whom it may concern,

I'd like to write to you in support for the Bayview Golf course Development DA2017/1274 for Seniors Housing.

In our current market there is an extremely high shortage of seniors living and, as a Builder, I have been inundated with questions on why more seniors developments are not forthcoming. The question will continue to be asked until seniors housing shortages reaches crisis point and it's too late.

For me I think this is a simple decision.
