RE: DA2019/1119 - 4 / 0 Bennett Street CURL CURL NSW 2096

On weekends - Saturdays and Sundays - it's not uncommon for me to find people parking across my driveway, scrambling up the curb to park on the nature strip or honking abuse at each other like seagulls fighting over a chip.

The currency state of traffic and parking on Bennett Street is an absolute joke and this new market will make it far worse. No thanks.

There are far more suitable areas with plenty of space for stalls and parking in Brookvale. Some of the industrial businesses around Winbourne or Sydenham Rd would gladly let out their space on weekends for this purpose.
