RE: DA2024/0967 - 1858 Pittwater Road CHURCH POINT NSW 2105

This submission is made on behalf of the West Pittwater Community Association (WPCA), of which I am the Secretary.

The WPCA represents the residents of the western shore of Pittwater, from McCarrs Creek (Douglass Estate) to Morning Bay.

The WPCA supports the submission to be made by the Church Point Community Projects Inc and other organisations joining and notionally repeats the matters raised in that submission.

The WPCA is particularly emphatic that the noise abatement and parking amelioration measures described in the submission should be implemented and enforced.
