Subject: Mod 2021/2023 RATE PAYERS OBJECTION

Northern Beaches Council

Re: Mod 2021/2023 - REJECTION OF APPLICATION TO DEVELOP SITE AS PER APPLICATION 2023 ON HAND

As residents and rate payers of Northern Beaches our submission is that this Developmental Application as it stands be rejected in it's entirety by our Council.

This appeal for the rejection of the application (Mod 2021/2023) is based upon our considered opinion that the style and size of the development is unsympathetic to the location, in particular it's proximity and position so close to our historic icon of Barrenjoey House. It is an eyesore and in our opinion, as it stands, it is not in keeping with the mood and style of that section of Palm Beach which is already congested and clogged.

We can be contacted via this (my) email address and we will gladly supply our individual mobile phone numbers should you wish us to elaborate more in depth upon our opinions on the lack of validity of this Development Application.

Best regards,
Lisa and Gidon Sattinger
