Dear Council

Further to my previous submission, objecting to this proposed DA.

I find it incredible that in this time of COVID 19 and the stress in the community, that this proposal in this park, an oasis of calm and stress relief, that this telco has the audacity to again attack this community.

I have been here since 1963, nearly 60 years.

My parents, my brothers and sisters, my grandmother, my 3 children, my grandson, have enjoyed this park and worked with the sporting groups and the scouts.

We have picnicked and celebrated birthdays and family events in this park.

Over the years I have seen the children and families walk down to this park, and the dog walkers, to enjoy the natural environment.

The critical therapeutic role this park provides the greater community, the growing community must be protected

I have lived, worked and travelled to many countries over the years and know that this is the centre of my world and many others. We value this park in this coastal valley and hate the prospect of this ugly and unnecessary huge industrial tower. This park attracts people from miles away because of its wonderful passive and calming nature.

The mental stress this installation will cause is wrong.

This ugly proposal is dishonest and totally insensitive to this community and all who come to enjoy it.

Particularly in this time of COVID 19 community stress.

It is a totally dishonest and aggressive and must be rejected.

Stephen Brickwood.
