RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear sir/madam, i realise i am not a resident, yet i am also doing all i can to preserve wildlife corridors and habitat where i live. We have managed to destroy more than 80% of the original vegetation in Australia in the short time we have been here, and are now realising how precious are our forests, grasslands, wetlands and animals. I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this development.

Sincerely
