RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I strongly oppose Development Application No 1274/2018 Waterbrook/Bayview Golf Club as it will decimate a protected wildlife corridor. The endangered Powerful Owl is located in this area, amongst other declining species. Water courses will be polluted also.

In addition, this development will add to the already choked traffic in the area, especially as Cabbage Tree Road is single laned each way.
Thank you for your consideration.
