Re: Bayview Seniors Housing and Golf Course.

I am lending my support to this DA with a conviction that more accommodation for seniors is essential in our ever ageing population mix.

I think the high quality of this development has the potential to attract to our Peninsula area, people who have the means to contribute to our community through utilising our retail centres and our clubs.

The funding support this project has brought to the Bayview Golf Club has already lifted the appeal of our course and improved it's environmental profile. Flood mitigation and further environmental improvement is promised in the project plan and should be mandated by Council.

I am impressed how the seniors accommodation has been designed to blend aesthetically into the native bushland, improving on the existing native animal corridors.

As a resident of the Peninsula and member of the BGC I look forward to Councils favourable decision on the Development.
