Dear Council Northern Beaches

We write to inform you that we object most strongly to new developments in Sydney's wildlife corridors and ask that the proposed DA2017/1274 52 Cabbage Tree Road Bayview 2104 DOES NOT go ahead. This proposed new development would have very serious impacts on wildlife, we think that it is very very important that council give serious consideration to the devastating effect new development would have on wildlife in what is a high priority wildlife & coastal corridor.

Please would you therefore bring about a ban on new development in Sydney's wildlife corridors. Surely council members are not anti-wildlife?

Sincerely

Thomas & Maureen Beatty
