RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this development. This is a wildlife area NOT a concrete box area, which is what these buildings are, this developer wants to spoil the natural beauty of this place and destroy the food trees that support the local wildlife of the area. Many Threatened and Endangered Native species owe their survival to these Wildlife Corridors and need this habitat for feeding and protection.
