**Categories:** DA2020/1756

We totally object to this completely undesirable development, which will have a negative and adverse effect on the streetscape and amenity of Robertson Road for the future generations. The development will destroy the community feeling in Robertson Road, that is absolutely cherished by locals.

The design is unattractive and totally inappropriate. It has been pushed through without community consultation by our representatives.

The community has instigated the save Robertson Road campaign, and attracted extraordinary support from the [Newport Residents Association](#) and hundreds of residents, it is infuriating to say the least. How the hundreds of submissions, letters, survey returns and hundreds of hours invested have been ignored!!!!!!  
Why have the developer's needs catered for ahead of the community?????

Sue & Warwick Crossman
