

37 Goondari Road
Allambie Heights 2100

19 February 2018

Dear Sir,

Application Number: DA2018/0149
60 Binnalong Avenue, Allambie

I am writing to register my objection to the above development application. I have lived in Allambie for nearly fifty years and enjoy the peace and tranquillity of the area even though traffic has increased substantially in my time living here.

As a sufferer of osteoporosis, my doctor has recommended me walking every day and I have been doing this for several years. I am very familiar with the busy corner of Binnalong/Jennifer and Nargong Roads as I walk daily past here. There are no footpaths, no sufficient verge to walk which means I am on the road. How can anyone believe that a thirty six room boarding house is acceptable for this area of houses let alone on this busy corner? Where will all the cars associated with this property park? What about the comings and goings of the residents – what impact will this have on our area?

I strongly object to this ridiculous development – I thought an over fifty five proposal would have been more acceptable.

Yours sincerely,

A handwritten signature in cursive script that reads "Elizabeth Jackson".
