RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

I object to any proposal such as DA1274/2017 which will diminish the value of a dedicated wildlife corridor.

A wildlife corridor is not the place for apartment buildings.

Wildlife corridors are needed to maintain healthy native fauna. These benefit the quality of the neighbourhood.

These corridors must be protected and not die the death of many small cuts
