To whom it may concern,

My son goes to CCNPS & my daughter is due to start in 2 years and I am extremely uncomfortable with a cellular tower being so close to so many kids. That aside the requirement in terms of school proximity is 500 m, which this proposal ignores.

The sports fields are also used all day, every day by the school, families and sports lovers alike, and the tower does not sit within keeping of the area.

Another huge concern is the impact to the nature reserve, which should be nurtured and preserved.

Surely there is somewhere more appropriate to put the tower?

Yours sincerely,
Juliet Wolak
