Daniel

I live a few doors down from the proposed boarding house application at 60 Binalong. I've been opposed to this application since it's inception.

I'm not against development but it has to be fit for purpose.

The 32 room development in our street is a tragedy. The parking is already abysmal and to add another 32 plus residents in the street is ludicrous. I don't know if you've ever driven down Nargong to Binalong but there is no room for parking now!!!

It doesn't fit the surrounding residences nor the area.

Please support the local residents and oppose this application.

Kind Regards
Peta Ross
