RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Dear Sir,

This Wildlife Corridor must be maintained, we are losing Wildlife on a daily basis. With Developments everywhere you look our green space is declining at a rapid rate. I urge you to stop this development and leave the corridor as the lovely open space for Wildlife and people to enjoy. Destroying more Wildlife is not the answer, but as we have all witnessed money speaks louder than common sense. Many animals will simply not survive and this alone is tragic. I would like my children, Grandchildren and all future generations to be able to experience the beauty of places like this. Our concrete jungle mentality must stop. please save this for the people, the Wildlife and be the one to whom we thank.

Yours Sincerely
Dianne Lynch
