**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

We object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this 85 Unit development." Despite the Refusal of this DA by the Regional Panel for SEPP Seniors Housing in the Bayview Wildlife Corridor on many significant grounds including Substantial and Adverse impacts on the environment and despite overwhelming community objections and over 60,300 signatures, an appeal has been lodged and NEW plans submitted by the developer in the Land and Environment Court. We have so few wildlife corridors left. Please don't chip away at them. These areas are so important for habitat and for birdlife. Once they are gone they are gone and it is very difficult to bring them back.

With thanks
