Subject: Objection to DA approval 2017/1274 52 Cabbage Tree Rd BAYVIEW

Dear Sir/ Madam,

- Endangered animals
- Wildlife corridor
- Move development closer to hospitals
- Residents rights over greedy developers with no regard to community

We moved here 76 Park Street Mona Vale a number of years ago to be 30 km from the city to be amongst the wildlife and access to the beautiful natural scenery of the Northern beaches.

We love seeing the owls and the possums on our early morning walks. The Powerful owls are becoming endangered.

This project will kill all these animals if not in the land clearing & development stage - then afterwards when they cannot safely cross the roads without being flattened or no homes in the trees

These 92 units seniors living developments BELONG closer to hospitals and shops not in the bush.

Please consider the wildlife and locals enjoyment of the suburb – don't destroy!! Move the developments further in !!.

Best regards

Jillian Hurdwell
