**RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104**

I object to DA1274/2017 to develop 7 apartment buildings in the middle of the designated high priority wildlife corridor home to many vulnerable species. This is Biodiversity land and should not be destroyed by this development. Please do not allow this to proceed. Habitat loss is one of the top causes of biodiversity loss in Australia and we have complete control as to how this occurs. Too much has already been lost in our country through choices that we have made. Let this not be another retrograde step for our country and our future. Leave the corridor intact.
