RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

There should not be a mobile phone tower allowed to be installed. I am confused that the location is infact the sports field when the DA states Huston Pde. Why have neighbours not been written to about this DA? The consultation period is too short and at the time of a pandemic when a few posters around the park will not be noticed.

This will be too close to the school and in an area of beauty where the wildlife in the wetlands and recreational users to do need to be exposed to unwanted radiation.
