**Subject:** DA Number 2017/1274

Name : Bayview Senior Housing and Golf Course

Dear Council Members

This is a submission in support of the above DA

I believe this application should be approved as we need additional accommodation for older people in this area. People are living longer and need this type of accommodation and support facilities. I understand that the proposed building is not high rise and would fit into the existing area in an acceptable form with minimal impact on the proposed corridor.

Yours faithfully

Sean Foster
