2099**

Dear our Northern Beaches Council,

The Curl Curl Lagoon, John Fisher Park is a precious space for the community of the Northern Beaches and the wildlife to enjoy and retreat to. As a member of this community I encourage our council and associates to refrain from any construction of a Optus Mobile Tower anywhere near our incredible nature, lagoon or parks. This is an urgent call to follow the message of your community and stop this from happening!

Thanking you,
Amy
