RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

This is an objection to DA 1274/2017 for 85 units in 7 apartment buildings at Bayview, NSW

Biodiversity is unnecessarily threatened with this controversial proposal and it should not proceed. Even if the building process maintains some vestige of the environmental values, future occupants with their dogs and cats will decimate any remaining wildlife.

The Court's thoughtful refusal of this application is requested.
