RE: DA2017/1274 - 52 Cabbage Tree Road BAYVIEW NSW 2104

Please stop! The Planet belongs not just to humans but all living beings. It is a crime to continue to make wildlife homeless - they are equally attached to place and their displacement and likely disappearance and death is totally unacceptable. While I do not live in Victoria at present, I was raised there and have family living there and they are equally horrified at what the council and government is seeking to do. It is no longer acceptable - stop importing humans - there has to be an end to this. We cannot continue to destroy wildlife areas - it is a blight on humanity - surely we are more evolved than this? This ought to be a crime - and one day it will be seen as such.
