

Natural Environment Referral Response - Biodiversity

Application Number:	DA2019/1147
Responsible Officer	Megan Surtees
Land to be developed (Address):	Lot 9 DP 1206507 , 41 Warriewood Road WARRIEWOOD NSW 2102

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The lot was created as part of an approved subdivision within the Warriewood Valley release area. The site has been previously cleared and is not within or interface with the riparian zone or portion of the parent lot mapped as Biodiversity under the Pittwater LEP 2014. No native trees or vegetation are to be impacted by the proposal. The proposal is consistent with biodiversity controls.

Council's Natural Environment - Biodiversity section raises no objections to the proposed development.

Referral Body Recommendation

Recommended for approval, subject to conditions

Recommended Natural Environment Conditions:

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES

No Planting Environmental Weeds

No environmental weeds are to be planted on the site. Information on weeds of the Northern Beaches can be found at the NSW WeedWise website (<http://weeds.dpi.nsw.gov.au/>).

Reason: Weed management.

Dead or Injured Wildlife

If construction activity associated with this development results in injury or death of a native mammal, bird, reptile or amphibian, a registered wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To mitigate potential impacts to native wildlife resulting from construction activity.

Domestic Animals Exclusion

For the life of the development, cats are to be kept in a cat run and/or inside the dwelling such that they are prevented from entering wildlife habitat areas at all times. Dogs are to be kept in an enclosed area such that they cannot enter areas of bushland, unrestrained, on surrounding properties.

Reason: Wildlife protection
